A. Suggestions/comments made by the Graduate Advisory Committee:

a. On the Format and Style of the Manuscript:

- tables and figures should be presented better.

b. On the Content

- title - the study variables should be clearly written in the title.
- methodology & discussion - Should clearly indicate that there were 2 experiments conducted.

c. On the presentation of the thesis/dissertation:

- Grammar corrections - Review some sentences because of some grammar corrections.

B. Examiner's Evaluation on the Conduct of the Examination

a. Time Management

The examination started: ☐ On time ☒ Late

If late, state reason(s) There was a technical difficulty. Mr. Agunos tried to start presenting at 10:02 AM but his ppt can't show in a "slideshow view." thus, Prof. Arradaza presented his report instead.

b. Venue and Audio-visual Equipment needed

☒ Ready ☐ Not Ready

If not ready, state reason(s) _____
