Thru: **Dr. Beatriz S. Belonias**
Vice President for Academic Affairs
Chairman, VSFC-AS

Dear **President Tulin**:

This is to strongly endorse the request of **Mr. Wences Rey B. Dela Peña** for a reduction in his teaching load effective the first semester of School Year 2023 -2024. His major reason for reducing his teaching load is considerable because of a very important undertaking regarding the completion of his Ph.D. program. As of now, he is still conducting a series of experiments relative to the above-mentioned requirements. After finishing such field experiments, he will urgently write his Ph.D. dissertation to comply with the most important requirements for the said degree program. As such, he religiously knocks your benevolent heart for approval of his request.

Thank you very much for your continued support and God bless us all.

Very truly yours,
