

February 21, 2022

DR. GUIRALDO C. FERNANDEZ JR.
BOR & University Secretary

Dear Sir,

Under Republic Act 11494 otherwise known as "Bayanihan to Recover as One Act" provides among others monetary incentives among health care workers across the archipelago. Earlier, we were informed by the Department of Health Center for Health Development in Region 8 that the funds allotted for this purpose is now available and is ready for transfer to agencies with frontline health care workers. However, prior to the actual fund transfer a Memorandum of Agreement between DOH and the receiving agency must be executed first and that, the head of agency must be authorized to sign the MOA by its governing board/trustees whenever applicable. In this light, we, the VSU Healthcare workers would like to request from your office to secure a board resolution authorizing Dr. Edgardo E. Tulin- our president to sign the MOA through a referendum among the honorable members of the VSU Board of Regents.

Further, I would like to request that said referendum be expedited as we have been waiting for this benefits since 2020 especially our low-salaried health-workers as the DOH will wait for this MOA until February 28, 2022.

Thank you very much.

Sincerely,

ELWIN JAY V. YU, MD, MPH
Chief of Hospital I
