EDGARDO E. TULIN

President

Visayas State University

Dear Dr. Tulin:

The NSTP administration has established its *Implementation Plan for the Face-to-Face Training for ROTC Cadet Officer Qualifying Course and Advance Officers for the Second Semester, School Year: 2021-2022*. The said implementation plan establishes the necessary guidelines and operational framework: Teaching and Learning, Safe School Operations, Well-being and Protection and Contingency Plan.

The face-to-face training for COQC aspirants and Advance Officers is a pre-require for the cadets/cadettes before they can proceed to ROTC Summer Camp Training (RSCT) and the Philippine Army Advance ROTC Academic Phase Training (PAARAPT). The COQC will prepare the aspirants on rudiments of ROTC training, e.g., leadership principles, physical organization, among others. The Advance Officers will revisit the key concepts in ROTC both the basic and advance ROTC subjects due to their limited preparation during the pandemic

In this connection, actual experiential learning of the trainees is needed to prepare them into cadet/cadette officers of the VSU ROTC Unit. The NSTP Office proposes the implementation of the face-to-face training of the COQC aspirants and Advance Officers. Rest assured that NSTP will do its best to implement the training successfully with the commitment to observe the minimum health and safety protocols.

Attached herewith is the Implementation Plan and other documents to support the readiness for the training.

We hope these merits your approval. Thank you very much.

Very truly yours,

JOY A. BELLEN
Director, NSTP Office
