

QUARTERLY RESEARCH PROGRESS REPORT
QUARTER: 4th, CY 2024

Research Title: Formulation of Home-mixed Pellet Ration as Dietary Supplement in Post-weaned Rabbits

I. Study Objectives

- a. Formulate a home-mixed pellet ration as dietary supplements in post-weaned rabbits
- b. Evaluate the growth performance of post-weaned rabbits using the dietary supplements
- c. Assess *in vivo* digestibility of the feeds given in post-weaned rabbits, and
- d. Perform a cost-return analysis in feeding post-weaned rabbits using the experimental diets

II. Relevance to VSU & College's Thrust and Priorities: Relevant

III. Highlights of accomplishments within the quarter

A. Targets for the quarter

1. Feeding of Rabbits
2. Maintain the cleanliness of the housing
3. Collection and drying of feed ingredients for the experimental diets
4. Breeding of Rabbits

B. Highlights of accomplishments

1. Fed the rabbits regularly
2. Maintained the cleanliness of the rabbit housing
3. Collected, dried, and stored feed ingredients for the formulation
4. Conducted breeding of rabbits
5. Conducted treatment for rabbits infected with mange

IV. Physical Report of Operation

A. Research Program

	Particulars/Name and Brief Description of Utilized/ Commercialized Technologies	Number
Outcome Indicator		
1. Number of research outputs utilized by the industry or by other beneficiaries	N/A	N/A
Output Indicator		
1. Number of research outputs completed within the year	N/A	N/A
2. Percentage of research outputs published in internationally-referred or CHED recognized journal within the year	N/A	N/A
