Dear Dr. Tulin:

Greetings of good day sir!

In line with the request of 14th IB (Avenger) to conduct a symposium regarding the Evils of Communism and CPP-NPA-NDF Deception. The symposium aims to take an active stance in exposing the deceptive nature of the Communist Terrorist Group (CTG) and the propagandas they continuously use to exploit the youth sector and the vulnerable communities with the end goal of pre-empting/preventing the resurgence of the CTG while preserving and sustaining the gains of the government within the unit's area of operation. Since their target participants are freshmen, although they requested on January 20, 2023, we schedule it on March 25, 2023 for our NSTP Students.

Thank you very much and more power.

Sincerely,

JOY A. BELLEN
Director, NSTP Office
