

OUTCOMES-BASED EDUCATION (OBE) COURSE SYLLABUS

AGRO244
Advanced Cereal Production

I. UNIVERSITY INFORMATION

1. Vision of the University

A globally competitive university for science, technology, and environmental conservation.

2. Mission of the University

Development of a highly competitive human resource, cutting-edge scientific knowledge, and innovative technologies for sustainable communities and the environment.

3. VSU Quality Policy Statement

The Visayas State University (VSU), a globally competitive university of science and technology and environmental conservation, is created by law to develop highly competitive human resources, cutting-edge scientific knowledge, and innovative technologies for sustainable communities and the environment.

Towards this end, we, at the Visayas State University, commit to:

- Produce highly competent, quality, and world-class manpower in science and technology, especially for agriculture, environmental management, and industry who are proficient in communication skills, critical thinking, and analytical abilities;
- Generate and disseminate relevant knowledge and technologies that lead to improved productivity, profitability, and sustainability in agriculture, environment, and industry; and
- Satisfy the needs and applicable requirements of the industry, the community, and government sectors who are in need of quality graduates and technology ready for commercialization through the establishment, operation, maintenance, and continual improvement of a Quality Management System (QMS) which is aligned with the requirements of ISO 9001:2015.

It shall be the policy of the university that the quality policies and procedures are communicated to and understood by all faculty, staff, students, and other stakeholders and that the system shall be continually improved for its relevance and effectiveness.

EDGARDO E. TULIN
President
