

**REPORT AFTER ATTENDANCE TO TRAINING/
CONFERENCE/SEMINAR/WORKSHOP/FORUM**

I. Title of training, conference, seminar/workshop, and forum attended:

46th Annual Conference of the Malaysian Society for Biochemistry and Molecular Biology

II. Date & Venue: August 24-25, 2022 via Online

III. Organizer/Sponsor: Malaysian Society of Biochemistry and Molecular Biology

IV. What are the most important learnings you got during this activity?

A.) Widened my knowledge on the recent research done in Asia in the field of biomedical science

B.) Learned about the advanced analysis of protein analysis as biomarkers for the detection of diseases

C.) Open possible opportunities of research topics that can be of help in the molecular discovery of cure of diseases that are prevalent in the Philippines.

V. How can you apply the said learnings you gained to improve your performance?

A.) Incorporate the new knowledge in the class lecture of the results of the research learned in the conference.

B.) Draft a research proposal that is fitted in the Philippine current issues and concerns in field of biomedical science.

VIII. Attachment: Photocopy of Certificate of Participation/Attendance/ Appreciation, and Photographs, if available
