

ROBELYN T. PIAMONTE
Faculty, VSU

Very truly yours,

Thank you very much.

Hoping for your kind consideration on my request.

I would like to request an electronic copy of my MS thesis "Antifungal property of chemical elicitors and induction of systemic acquired resistance (SAR) for the control of rice blast caused by *Pyricularia grisea* Sacc." I finished my MS degree here at VSU in April 2011. I lost my electronic file of it because my thesis laptop broke down already and I was not able to keep a back up e-file. My thesis is a part of the project of my MS thesis adviser, Dr. Lucia M. Borines. The e-file will help her fast track in writing the terminal report of the project as a requirement for her retirement clearance.

Good day Sir.

Dear Mr. Gillos,

Mr. Vicente A. Gillos
Chief Librarian
Visayas State University
