Accomplishment Report
(as NARC Unit Head)

August- November 2022

1. Conduct regular meeting with NARC technical and support staff.
2. Monitor and follow-up through the administrative support staff on the updates of contracts, vouchers, PR's, PO's and other related documents necessary for the smooth operation of the center.
3. Supervised/monitor various research and extension projects of the center related to biohardening of TC abaca plantlets, and Integrated Abaca Extension Program.
4. Finalize the proposal through DBM-NEP (National Enhancement Program) to capacitate the NARC Annex laboratory building
5. Supervised the SRA's for the conduct of various projects such as re-formulation study using mudpress, cow manure, tree legumes and locally available substrates, biohardening, climate smart agriculture, and integrated nutrient management for horticultural crops.
6. Prepared midyear reports of the center for submission to OVPREI- Research office.

Submitted and prepared by:

ROMEL B. ARMECIN
Director, NARC

Approved:

MARIA JULIET C. CENIZA
VP for Research, Extension and Innovation

Vision:
Mission:

A globally competitive university for science, technology, and environmental conservation.
Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.
