Dear **Dr. Alviola**,

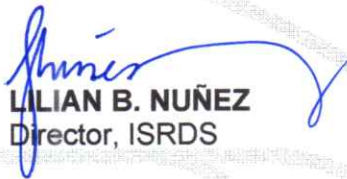

ISRDS turned 43 early this month and the highlight of our celebration is the conduct of a forum with the theme "Interrogating the Role of the Social Sciences in Building a Global Green University for Social Transformation." We scheduled the forum to September 26, 2024, Thursday, at 8:00 AM to 12:00 PM in consideration of the availability of our speakers and our university president. The venue of the event is the Eco-FARMI Training Hall, VSU.

Our keynote speaker and another resource person have informed us that they cannot be physically present at VSU due to the long travel it entails, which affects their attendance to other equally important commitments in their workplaces. They are requesting that we employ the hybrid mode so that they can deliver their speech and interact with the participants during the forum.

We are, thus, requesting the services of UIMC in installing the necessary equipment for a hybrid-mode forum that will provide an enabling environment for sharing insights on ISRDS' vital role in the future directions of VSU and the governance toward becoming a good university.

Thank you so much for your support. Best regards.

Very truly yours,

  
**LILIAN B. NUÑEZ**  
Director, ISRDS
