

23 February 2022

Dr. Lorina A. Galvez

Head of Dept. of Food Science & Technology
Visayas State University

Dear Dr. Galvez,

Good Day!

The office of the VP for Student Affairs and Services received a letter proposal from Ormoc City Chamber of Commerce and Industry Inc (ORCHAM) indicating an opportunity for our students to participate/engage in their business/entrepreneurial competition named "Business Plan Model and Prototype Competition", our office believed that the students of Department of Food Science & Technology also fit and qualified to join the said competition and this an opportunity as well for our students to showcase their entrepreneurial skills and mindsets. Full details of this competition are attached to this letter.

Respectfully yours,

NORBERT JOHN O. VILLAS
Education Research Assistant I
