Dear Dr. Tulin:

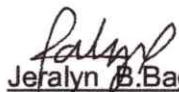

Good day to you!

I am Jeralyn B. Bagarinao and I stopped attending classes for the year 2021-2022, 1<sup>st</sup> semester. My last attendance from this University was from 2<sup>nd</sup> semester of year 2020-2021. It was a tough decision for me but I think it was the best decision I've ever made despite the fact that I will be behind from my classmates.

When the pandemic started, I was battling with depression that was killing me inside. All throughout the three semesters I've attended classes I was just battling with depression, and also the pressure that my parents giving me. First semester for the year 2021-2022 I've decided to stop attending classes because I was having a hard time adjusting through the online class system. I have unstable network connection and there were some instructors who weren't considerate. I lose interest from studying for the next school year because of that. My friends told me to file a leave of absence but I was scared and I do not know who to approach. I put aside school to save my health.

I am humbly asking for readmission this 2<sup>nd</sup> semester, school year 2021-2022. I am very eager to study again in this prestigious university. I assure you that I will continue and do well in my studies now that everything will be back to normal and face to face classes will be back soon.

Respectfully yours,

Sir / Madam:

I would like to apply for readmission effective 2<sup>nd</sup> semester / summer 2021 -2022. My last attendance from this University was from 2<sup>nd</sup> semester / summer 2020 -2021. I was out of school for one (1) semester and no summer because of the following reason(s): I was having a hard time in adjusting through the online class system and also because I have unstable network connection. There were some instructors who were not considerate to students like me who have unstable network connection and I wasn't learning anything. I stopped last semester (1<sup>st</sup> sem for school year 2021-2022) to save my own health from depression I was feeling during pandemic.

If admitted I promise and pledge to abide by and comply with all the rules and regulations laid down by competent authority in the University and in the College to which I am enrolled.
