

18 April 2022

**Dr. Edgardo E. Tulin**

President

VSU, Visca, Baybay City, Leyte

Dear **Dr. Tulin**,

We received word from Dr. Aleli A. Villocino that GlobalMedic, an international NGO, is partnering with VSU to extend aid to the landslide survivors in Baybay City. Having experienced disaster aid management with national and international NGOs in the past, ISRDS is interested to work with GlobalMedic in the latter's endeavor to provide disaster relief and life-saving humanitarian aid to the landslide families effectively and efficiently.

GlobalMedic is a registered Canadian aid charity organization that has been operating for two decades already. It has responded to several disasters around the world including that caused by Super Typhoon Rai that hit Eastern Visayas and other parts of the Philippines on December 16, 2021.

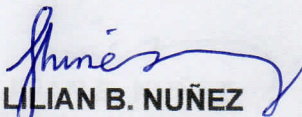

The GlobalMedic team will arrive at VSU on Wednesday, April 20, 2022. It is composed of Mr. Jack Turner, the team leader, and four female Canadians. We are awaiting the details of their one-week stay in Baybay City which we will know during our planning meeting with them at ISRDS as soon as they arrive. We are inviting as well the heads of relevant offices of VSU to the said meeting.

We wish to request that the five-member GlobalMedic team be allowed to enter VSU any time during the period April 20-27, 2022. In addition, please allow the entry of an official from the Baybay City LGU to attend our meeting on April 20, 2022. We assure you that the health and safety protocols will be observed as we conduct the meeting and in all our interactions with the GlobalMedic team and other participants in this endeavor.

Thank you very much for being ever supportive of our projects and activities.

On another note, we continue praying for sustained hope, faith, and strength at this most difficult time of your family.

Very truly yours,

  
**LILIAN B. NUÑEZ**  
Director
