Vice president for Planning, Resource Generation, and Auxiliary Services  
Visayas State University  
Baybay City, Leyte

Dear Sir:

Greetings!

My name is DHENBER C. LUSANTA a regular faculty and former director of Eco-FARMI last August 2021 to January 2023. Together with my wife and 3 children, we currently live at my wife's sister's house at Zone 3, Brgy Guadalupe, Baybay City for 3 years now as I am originally living in Ormoc city. I am looking for a permanent place to live because my 3 children are currently on their elementary schooling and I'm planning to enroll them inside the campus' school just adjacent to my workplace. Living inside the VSU campus will be of great convenience and more secured for my family. Thus, I am relodging this application letter to express my keen interest in occupying VSU apartment.

Together with me, Mr MALVIN DATAN a regular faculty of the Department of Horticulture is also expressing his interest in applying a room to live in. If the management will provide us a vacant apartment, we agreed to share the same apartment by allocating 1 room for him to live.

We understand that most of the vacant apartments are old and need to be repaired so we offer our willingness to do the repairs at our own expense.

Thank you very much and hoping for your very kind consideration
