Dear President Tulin:

I would like to inform you that I will be retiring from the service as a Professor in the Department of Agronomy effective June 5, 2023, a day after my 65th birthday.

I have been working in the Visayas State University since 1984. My services rendered to our clientele, students and farmers in particular, and to the university in general have been a great experience and mutually enriching in terms of education and application of technologies generated from my research.

It has been a great pleasure working with you and the community.

Thank you very much.

Respectfully yours,

RUTH O. ESCASINAS
