

20 January 2023

Dr. Edgardo E. Tulin
University President
Visayas State University

Dear **Dr. Tulin**,

Good day!

The Helpers in Outreaching Mother Earth's Stability (HOMES) from the College of Forestry and Environmental Science of the Visayas State University would like to take the opportunity to join the 5th National Environmental Youth Summit. Our list of delegates is composed of all BS in Environmental Science (BSES) students who are HOMES members and are in their sophomore and junior years. Here is the list of representatives:

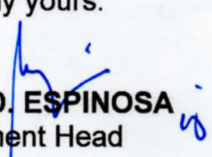

- | | |
|------------------------------|------------------------------|
| 1. Belas, Dexter A. | 4. Petilla, Joshua Mari Q. |
| 2. Dimla, Alexandra Marie R. | 5. Rodriguez, Elyn B. |
| 3. Espregante, Jayson B. | 6. Villareal, Jasmin Rose L. |

The Alliance for Green Philippines will hold the summit on March 1-4, 2023, at the Teachers Camp, Baguio City. The summit aims to enhance the leadership and communication skills of the participants and train them to become Green Ambassadors who will initiate activities and projects that would help mitigate the impact of climate change. These students were selected based on the criteria believed to impact them as students of the program (BSES) and will share and apply their knowledge gained during the summit with other HOMES members, and with members of the university community.

In line with this, I would like to request funding to support the attendance of these students to the said event. The cost involved to allow the attendance of each delegate are as follows:

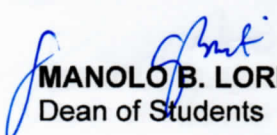

- Registration Fee - P7,000
- Cost of traveling to and from Baguio City

Very truly yours.

ELIZA D. ESPINOSA
Department Head

Recommending Approval:

ALELI A. VILLOCINO
VP for Student Affairs and Services

MANOLO B. LORETO JR.
Dean of Students

Approved:

EDGARDO E. TULIN
President
