DR. EDGARDO E. TULIN
President
Visayas State University
Baybay City, Leyte

Dr. M. J. Cenicosa

VPREI

- for your appropriate action.

Cenicosa

Dear **President Tulin**,

Greetings!

We are pleased to announce that **Nurland in the Philippines** will host a livestream entitled, **"Going Organic PH: Why it matters to you, the farmer, and the environment,"** on **February 24, 2023 (4pm-5:30pm)**, via its YouTube Channel and Facebook Page. The said livestream will be the first of a series of educational activities the organization will host digitally to increase awareness on the importance of organic agriculture to consumers, farmers, and the environment and subsequently, drive the Filipinos to gradually shift to an organic-based lifestyle.

As one of the nationally recognized champions of organic agriculture in the country, we wish to **invite you and at least 10 students and faculty members from your institution to attend the said livestream**. We recognize that your participation and that of your constituents on this activity will go a long way in instilling consciousness among the Filipinos to aspire for healthier options to improve their well-being, support farmers' livelihood, and promote sustainability.

Feel free to register here: <https://tinyurl.com/797h4xr2>

In addition, may we request if your Good Office could kindly help in promoting the activity via your social media platforms for more reach and participation. We would be glad to provide any helpful materials or resources for dissemination.

For confirmation or clarifications, feel free to contact Ms. Joesie Tumanda, Country Officer of Nurland in the Philippines, through her email, j.tumanda-ph@nurland.de or Mr. Daniel Maches, Social Media Coordinator, through his number, 09756987079, or email him at d.maches-ph@nurland.de.

Meanwhile, attached is the program for your kind reference.

Thank you and we look forward to your favorable response.

Very Truly Yours,

Daniel Jason M. Maches
Social Media Coordinator
Nurland in the Philippines
