

Good day!

I, Rynaliza J. Magallanes, would like to express my desire to apply for an Instructor I position in your school. It can be in Junior High School or Senior High School. I completed my Bachelors Degree of Secondary Education Major in Physical Sciences at Leyte Normal University. I passed the recently conducted Licensure Examination for Teachers with a good rating of 84.20 percentage. Moreover, I am also taking up my Masters degree now on my Thesis Writing at Cebu Normal University.

I am currently working as a DepEd teacher at Leyte Division and I realized I want to work with CHED for some reasons. Way back, I worked as a part time Online English Teacher at ACADSOC. I also worked in the BPO industry and handled financial and sales account for two years before I got hired in DepEd. These are my work experiences that helped my skills to improve as an individual.

I have had a passion for teaching my entire life. My education, my personality, and my experience make me an ideal candidate for the position of instructor. Now, I have almost 2 years of experience being a public school teacher. This experience allowed me to develop the necessary problem solving and management skills while honing my educational style.

Now with my masters degree, I really want this position. I have continued my education through workshops and supplementary courses to remain knowledgeable of classroom techniques.

With my experience gained in the classroom, I am prepared to take on the challenges of your instructor position. Thank you for considering my application. I look forward to discussing any questions you may have during an interview.

I look forward in hearing from you. I can be reached anytime thru this number 0955147082/09602126848 and you can also email me at magallanesrynaliza@gmail.com.

***Respectfully yours,
Rynaliza J. Magallanes
