Shara Lea E. Jumetilco

Teacher

I am a Science teacher that aims to create an engaging and interactive learning environment for students of diverse population. I am seeking a career opportunity that will allow me to use my knowledge and skills as a graduate of Bachelor of Science in Biology major in Ecology, with a certificate in teaching as well as earned units in Master of Arts in Education major in Science. Additionally, I would like to utilize my practical experience, my strong interpersonal skills and my eagerness to contribute to a high quality company to progress and develop within my job. Moreover, I aspire to instill passion among learners in learning Science and nurture them with critical and creative thinking skills.

Work Experience

- 2019
IBreeze International Language Center
English as Secondary Language (ESL) Teacher
 - Instruct foreign students to help them learn English by practicing conversation, reading, and writing and keep track of their progress
 - Prepare course materials and design lessons that cover all aspects of the English language
 - Create a positive class environment to encourage them in reaching their learning goals.
- 2021–2023
Northern Leyte College, INC.
Science Teacher
 - Developed a curriculum map in Science to ensure alignment of instruction with desired goals and program outcomes.
 - Provide instruction and guidance to help learners explore and understand relevant concepts in science
 - Create lesson plans, present science demonstrations, and grade tests and assignments.
