**Dear Dr. Mabalhin;**

I am writing to express my sincere interest to be a part of the workforce of Department of Teacher Education in VSU. I'm flexible and able to teach any subject/s that can fit my skills and qualifications.

I firmly believe that I would be an ideal fit for your institution. I was an exemplary student since grade school, and I possessed professional skills aligned with my field of study. I am the kind of teacher who is supportive and encouraging that creates a healthy environment for student's holistic development. I am dedicated in supporting and guiding them to become competent and responsive to the demands of globalization.

My teaching experience of six months allowed me to develop effective classroom management and communication skills. A student that can freely expressed ideas or thoughts learned better. In addition, I always strive for my student's academic achievement and always ensure that they learned something that they can apply in the real world. My teaching philosophy is based on making the learning environment positive and interesting that helps students grow and progress. Every student is unique, so I make my lessons diverse to cater their different learning styles.

I am eager to learn more about the opportunities available at College of Teacher Education-VSU. You can reach me at +639483142519 or maryayuban99@gmail.com. Thank you for considering my application.

Sincerely,

  
**MARYANN AYUBAN**
