**DR. EDGARDO E. TULIN**

University President

Visayas State University

Visca, Baybay City, Leyte

Dear Dr. Tulin,

I am reaching out to you regarding the part-time teaching position posted on the Department of Animal Science Facebook page. I am interested in this position and would appreciate being considered as a candidate for it.

I graduated last April 22, 2015, with the degree of Bachelor of Animal Science and received a Magna Cum Laude honor. I am a Licensed Agriculturist with one and half years of experience as a Livestock Inspector in the Department of Agriculture where my main duty is to facilitate the beneficiaries of the livestock dispersal programs. I also worked in Fukuoka, Japan for almost two years as Cultivation Agriculture Technical Intern wherein I gained experience in fruit crop production utilizing Japanese agricultural methods.

I have a strong interest in research and teaching thus I decided to pursue my Master's degree here at VSU where I will graduate on September 10, 2021. As a well-trained and well-equipped professional in the field of Agriculture and Animal Science, I wanted to share the knowledge and skills I had gained through my professional experience and graduate studies with agriculture students to produce more competitive graduates.

For more information, I've included my résumé, certification of grades, and relevant certificates. Please do not hesitate to contact me if you have any queries or need any further information. Your time in reviewing this letter is very much appreciated and I look forward to hearing from you on the next steps in the hiring process.

Sincerely,

Ms. Ruby Ana B. Arevalo  
Applicant
