

HONEY SOFIA V. COLIS
OIC-Director, ODHRM

Dear Ma'am,

It is my pleasure to be part of your growing team of professionals with a dynamic and compassionate spirit in the field of teaching. I'm Almira Joanna D. Garcia, a graduate of Bachelor of Science in Information Technology Education in Philippine Normal University and will receive my diploma in graduate degree program specializing in Theatre Arts in the University of the Philippines this coming July, 2023.

I have been teaching ICT subjects since 2013 primarily in graphic design and illustration. I use these skills as well in accepting freelance commissions in creating digital posters and company branding. It gave me also a bridge to pursue my career in the field of theatre arts. Upon the duration of my studies in one of the top-notch universities here in the Philippines, I have experiences in teaching theatre arts especially in acting, designing, theatre theory and technical direction. Since 2016, I engage myself not only in the field in teaching but also involving myself on the stage. I used to perform under UP-Dulaang Unibersidad ng Pilipinas, UP-Dulaang Laboratoryo, trained under the prominent theatre makers such as Mr. Alexander Cortez, Ms. Banaue Miclat-Janssen and the National Artist in Theatre, Mr. Tony Mabesa. I am also a resident actor of the Philippine Drama Company founded by the Cultural Center of the Philippines (CCP) Gawad Award in Theater, the late Naty Crame-Rogers.

With my credentials, from the transition of Information Technology and theatre, I can say that it transverse from one to another. I can apply these two different aspects as one and I strongly believe it is my strength as a flexible educator.

With all my abilities, skills, and experiences, I am looking forward to share these to your wonderful and hardworking students who have big aspirations to be somebody in the future. Thank you very much!

Respectfully,

Almira Joanna D. Garcia
