Dr. Santiago T. Peña, Jr.

Dean, College of Veterinary Medicine

Visayas State University

Visca, Baybay City, Leyte

Dear Dr. Peña,

Greetings!

As someone who has been wanting to pursue a career in the academe, I am very excited to finally have an opportunity to apply to the advertised Instructor I position in the Visayas State University-College of Veterinary Medicine (VSU-CVM). This college prepared me for my journey as a Veterinarian in my six wonderful years at VSU. Hence, this is where I intend to serve and better harness my profession.

I graduated from the VSU-CVM in 2018. With perseverance, dedication, and constant hard work, I was awarded with Latin Honors and successfully passed the Veterinary Medicine Licensure Examination right after.

I became a small animal practitioner for two years, which allowed me to work long hours under pressure, interact, and be exposed to colleagues and various clients daily. I have been commended for my good interpersonal skills and engaging personality as well. Furthermore, I am always determined to learn new things and overcome challenges in every task I pursue, which will be handy to fulfill this job's needs. Allow me to offer my best potential and help VSU-CVM mold students to become competent Veterinarians in the future.

Willingly, I am submitting myself to training and other forms of capability enhancement if given a chance to join the department's competent professionals. I would appreciate the opportunity to discuss with you my application through an interview. Please feel free to contact me through the details provided above.

Sincerely yours,

Hexelsa Joy Cuesta Nuñez
