Michelle Tolibas
Dean
College of Nursing
Visayas State University
Visca, Baybay City, Leyte

Dear Ms. Tolibas,

Applying for the Professor II position at Visayas State University, I approach with great respect for the institution's esteemed reputation in education. My academic background, culminating in a Master's in Nursing with a focus on Clinical Supervision and Medicine Education, has been a journey marked by a deep commitment to the principles of nursing and education.

I come from a background that might not mirror the traditional nursing trajectory. Yet, it is one rich in academic rigor and hands-on clinical practice. Through my studies and clinical experiences, I have developed a comprehensive understanding of nursing, focusing on patient care, effective communication, and the nuanced dynamics of healthcare. These experiences have also instilled in me the importance of resilience and steadiness, especially in demanding situations.

My approach to nursing education is marked by a meticulous attention to detail and a profound empathy for the well-being of others. These are qualities I hold dear and strive to impart in my teaching. With a commitment to lifelong learning and adaptability, I am eager to bring my perspectives and skills to your esteemed faculty.

Enclosed is my résumé, which provides further insight into my journey and qualifications. I would deeply appreciate an opportunity to discuss how my experiences and values align with the mission of Visayas State University's College of Nursing.

I am deeply grateful for your consideration of my application. The prospect of joining such a respected academic community is both a privilege and an honor.

Sincerely,

Venice Lou Gabrielle Relevo
