Philippine Root Crop Research & Training Center
Visayas State University
Visca, Baybay City, Leyte, 6521

To whom it may concern,

I am writing to express my enthusiasm for the Science Research Assistant position at Philippine Root Crop Research & Training Center, as advertised on Visayas State University's website. With a strong academic foundation and a proven track record, I am confident in my ability to contribute effectively to your team's research endeavors.

I hold a Bachelor of Science in Biotechnology, major in Industrial Biotechnology from Visayas State University, where I graduated with honors. My coursework in Biotechnology has not only provided me with a comprehensive understanding of scientific principles but has also instilled in me a passion for exploration.

I am particularly drawn to Philippine Root Crop Research & Training Center due to its pioneering work in boosting the root crops industry. The opportunity to work alongside esteemed researchers and contribute to groundbreaking projects is incredibly exciting to me. I am confident that my skills align with the demands of the role.

Enclosed is my resume, which outlines my academic achievements and relevant experience. I am eager to discuss how my background and skills can complement your ongoing research initiatives. Please feel free to contact me at +639694402204 or jeavsera@gmail.com to schedule a conversation at your convenience.

Thank you for considering my application. I look forward to the opportunity to contribute to Philippine Root Crop Research & Training Center's pursuit of scientific excellence.

Sincerely,

Jea Malanguis Vesera
