DR. PROSE IVY G. YEPES

University President

VISAYAS STATE UNIVERSITY

Visca, Baybay City, Leyte 6521

Dear Madam,

Greetings!

I am writing to formally express my strong interest in the position of **Instructor I** at the Department of Civil Engineering, Visayas State University – Baybay Campus.

As a **licensed Civil Engineer** and an alumna of Eastern Visayas State University, graduating **Cum Laude** in 2024, my education and mentorship at EVSU shaped both my academic foundation and professional values. However, I have always held a deep admiration for Visayas State University—particularly its consistent excellence and national recognition in producing globally competitive civil engineering graduates. VSU's performance has long inspired me, and it would be an honor to contribute to such a highly regarded institution.

During my undergraduate years, I was a **DOST-SEI scholar**, actively participated—and **earned recognition**—in several regional and national civil engineering competitions, and cultivated a strong passion for teaching through peer mentoring. I passed the **Civil Engineering Licensure Examination** in **April 2025**, and I am committed to pursuing advanced studies in **Structural Engineering**, where I hope to contribute through teaching, research, and academic collaboration.

I am deeply aligned with VSU's core and functional competencies, particularly in delivering learner-centered instruction, promoting Filipino values, and embracing innovation in education. I believe that teaching at VSU will not only allow me to grow professionally but will also give me the opportunity to help shape future engineers who are dedicated to public service and national development.

For your consideration, I have uploaded my **Curriculum Vitae, Resume, Personal Data Sheet, diploma, transcript of records, certificates of board passing and board rating, and training certificates** via the official VSU job application portal.

Thank you for your time and consideration. I would be truly honored to begin my teaching journey at Visayas State University and to grow within a community known for academic excellence and public service.

Respectfully yours,

DARLYN C. ABALOS
