TONI MARC L. DARGANTES
Head, Planning Office

Visayas State University
Visca, Baybay City, Leyte

Dear Mr. Toni Marc,

I am writing to express my interest in the Planning Officer II position as advertised. With a strong background in GIS technology and a passion for urban planning, I am excited about the opportunity to contribute to Visayas State University.

Having obtained a Bachelor's degree in Computer Science from Visayas State University-Main Campus with my technical knowledge, analytical abilities, and multidisciplinary viewpoint, I can provide a significant combination that will improve planning efforts and help build more resilient and sustainable communities.

Currently, I am a GIS Expert at the Planning Office of Visayas State University, where I have honed my skills in the creation of the Land Use Development and Infrastructure Plan of the campus. I believe that my expertise is essential in the completion of LUDIP as it plays a critical role in the creation of maps by collecting, integrating, analyzing, and visualizing spatial data to produce accurate, informative, and visually appealing representations of geographic information.

I am confident that my skills and experiences align with the requirements of the Planning Officer II role, and I am excited about the possibility of contributing to the University. Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and enthusiasm can benefit Visayas State University.

Warm regards,

MITCH ALLAN A. HABOC
