Dr. Harvie P. Portugaliza, DVM, PhD

Dean, Faculty of Veterinary Medicine
Visayas State University
Baybay City, Leyte 6521

Dear Dr. Portugaliza,

Warm greetings!

I am writing to express my strong interest in the **Assistant Professor I** position in the Faculty of Veterinary Medicine at the Visayas State University Baybay City, Leyte. As a licensed veterinarian who recently obtained a Master of Science degree from Ghent University, Belgium, in September 2025, I believe that my qualifications and experiences make me a suitable fit for the position.

I am highly motivated, adaptable, and committed to advancing the field of veterinary medicine while helping develop competent and critical-thinking professionals. My years as a student made me realize the impact of having good teachers on student learning and in bringing out their full potential. The exceptional teachers I have met inspired me to enjoy learning, and I hope to impart that to my future students.

My master's degree further strengthened my technical competence and prepared me to engage in impactful academic and research work. While I acknowledge that I still have much to learn, I welcome the opportunity to continue growing professionally under the guidance of the Faculty of Veterinary Medicine. I hope to contribute meaningfully to strengthening the faculty's instruction, research, and service.

Thank you very much for your time and consideration. I look forward to the opportunity to serve VSU and contribute to its mission of excellence in veterinary education.

Respectfully,

Thea L. Aldiano, DVM, MSc
