

EUSEBIO R. LINA, JR.
Department Head
Department of Mathematics
Visayas State University
Visca, Baybay City, Leyte

Dear Sir,

I am writing to express my interest in being an instructor or any vacant position that I'm qualified for at Visayas State University. I am a graduate of Bachelor of Secondary Education, Major in Mathematics. As a passionate educator, I am excited about the opportunity to join your institution and make a positive impact on the students.

As someone who loves to educate, possesses organizational skills, and can connect easily with students, this is the perfect opportunity for me to continue my professional development. I passed the LET (Licensure Examination for Teachers) right after I graduate in September 2018. But I didn't have the chance to pursue the teaching profession since both of my parents were gone and I need to make a living and support our daily needs.

Hence, I enjoy the challenge of teaching students academically and helping them to thrive socially. I have developed my communication skills, interacting with different kinds of people, especially in the tourism industry for 3 years and more than 3 years on clerical services & billings validations.

Thank you for considering me for this position, and I hope that my accompanying resume will give you a better sense of the type of teacher I am. I look forward to meeting you in person. I am a committed lifelong learner, and I will continue to grow as a teacher and in my knowledge of subject matter throughout my time at your school.

Sincerely,

CHERRY E. GASAL
