Al Franjon M. Villaroya
Department Head
Department of Philosophy and Social Sciences
Visayas State University
Visca, Baybay City, Leyte

Dear Mr. Villaroya,

I was excited to encounter a job post from your department on Facebook and would like to express my interest in the part-time faculty position at Visayas State University, Department of Philosophy and Social Sciences.

I earned my Bachelor's degree in Psychology in 2023 and recently passed the Psychometricians Licensure Examination in August 2024, ranking 9th among the top 10 successful examinees. This achievement reflects not only my competence in the field but also my dedication to excellence in what I do.

While I may not have extensive job experience, my years of volunteering in a socio-civic organization have equipped me with skills that are essential for engaging with diverse people. Having been exposed to plenty of volunteer work, I have developed great interpersonal skills and have grown to become responsible, dependable, and organized. This experience has instilled in me a willingness to support individuals from all backgrounds, a quality I would bring to my role as a lecturer. I believe the ultimate goal of teaching is to empower students to excel, not only for their own benefit but also for the future clients they will serve in their respective lines of profession. Aside from my commitment to learning and education, I am also an advocate of significant causes in gender and mental health.

It would be my greatest pleasure to work and grow in such an esteemed institution. Thank you for considering my application. I am looking forward to the opportunity to discuss further how my skills align with the needs of your department.

Sincerely,
Louie Jay S. Managbanag
