**MARK RYAN R. TRIPOLE**

Head, Department of Pure and Applied Chemistry

Visayas State University

Visca, Baybay City, Leyte

Dear Mr. Tripole,

Peace and all good.

Having just graduated from Visayas State University with a degree of Bachelor of Science in Chemistry, the job offer in the Department of Pure and Applied Chemistry would be an ideal start to my career and I am eager about the opportunity to share my passion for chemistry and contribute to the institution.

I am confident that my performance on this job will be greatly influenced by the knowledge and abilities I have acquired during my undergraduate studies. I have developed a good communication and organizational skills as I served as a peer tutor to lower years and young kids, and took part in different student organizations. Beyond academic knowledge, I also learned to adapt, build rapport with peers and professors alike, and I believe this will translate well in a classroom setting. I am also open to further training or mentorship, and I am eager to grow both as an instructor and as a lifelong learner.

Thank you for considering my application. I would welcome the opportunity to discuss how I can contribute to goal of the department and to Visayas State University. I am available for an interview at your convenience and can be reached at 09480604713 or [larajetcaht@gmail.com](mailto:larajetcaht@gmail.com).

Sincerely,

**LARA JETCAH M. TULIN**

Applicant
