University President

Central Visayas State University (VSU)

Baybay City, Leyte

Through:

The Human Resource Office

Central Visayas State University (VSU)

Baybay City, Leyte

MADAME:

Greetings! Peace be with you.

To be part of Visayas State University is indeed a great honor and privilege. With this in mind, I opted to apply as a **Physics Instructor** in your most prestigious Schools Division. Please appraise my qualifications.

I am Antonio Jabonillo Alpechi, a Schoolteacher for the past twenty-five productive years teaching Physics and Mathematics. I graduated my Baccalaureate degree- **Bachelor of Science in Physics (BS PHYSICS)** from Western Mindanao State University last March, 1994 with **High Academic Awards (Dean's List)** as a DOST Scholar, my Graduate Studies - **Masters in Science Education- Physics (MSCIED-PHYSICS)** under the Department of Science and Technology, Science Education Institute (DOST-SEI) Accelerated Science and Technology Program (ASTHRDP) last November 2011 at **Mindanao State University-Iligan Institute of Technology (MSU-IIT, Iligan)**). With my continuing aspiration for greater learning and professional growth, I completed my twenty-one (21) units of **Doctor of Education major in Educational Administration** at Western Mindanao State University. Then I proceeded with my **Doctor of Philosophy in Physics at Bircham International University** under the Bircham International University Tuition Scholarship Fund for International Students and graduated last September 30, 2017.

To further enhance my capabilities as a classroom teacher, I finished my **Diploma Course in Chemistry** at Western Mindanao State University last October 2007 and my **Diploma Course in English** at International Teaching English Foreign Language (TEFL) Academy and INTESOL Worldwide, Online Course last June 2014.

I had attended numerous trainings and seminars to equip me with recent trends and strategies and keep me updated with the ever -changing scenery in the academic and teaching world.

I had other various outstanding accomplishments as schoolteacher, researcher and classroom manager.

I had remained humble and ever loyal to my profession as a teacher throughout the years but this had never prevented me from searching for greater opportunities and try new endeavors.

I am very much available for an interview at your most convenient time

Attached herewith are my pertinent documents for perusal.

Thank you very much and God be with you always.

Yours respectfully,

ANTONIO J. ALPECHI

Applicant
