📍 Brgy. Bagong Lipunan, Hilongos, Leyte, Philippines

EDUCATION

Bachelor of Science in Chemistry

Visayas State University
2010 - 2014

Major in Drafting

Hilongos National Vocational School

2006 - 2010

- includes arts, lettering, drawing, technical drawing such as floor plan, house designs etc.

SKILLS

Chem Analysis

Teamwork

Project Management

Problem-Solver

Leadership

Root-Cause Analysis

Knowledge on ISO/IEC 17025:2017

WORK EXPERIENCE

POLLUTION CONTROL OFFICER

2020 - 2023

F.A.S.T. LABORATORIES - CEBU

Ensures compliance with PD 1586, hazardous waste, wastewater, air and solid waste management for Category B. Submits SMR and CMR regularly, with no notices of violation regarding permits and compliance. Achieves the ff: discharge permit was granted on 2021, PTO exemption was granted on Sep 2022, PCL for Chloroform, phenols and potassium dichromate was granted on Mar 2021, etc.

LABORATORY SUPERVISOR

2020 - 2023

F.A.S.T. LABORATORIES - CEBU

overseeing test report lead time, achieving 91% KPI. Ensures ISO/IEC 17025:2017 compliance and laboratory accreditation. Trains analysts, reviews methods, and validates new versions for accreditation. Develops training, and PT programs and evaluates analyst competence. Communicates with customers regarding technical concerns and evaluates suppliers. 8 years at an ISO/IEC 17025:2017 accredited chemical testing laboratory.

DEPUTY QUALITY MANAGER

2015 - 2020

F.A.S.T. LABORATORIES - CEBU

Responsible for ensuring laboratory compliance with ISO/IEC 17025:2017 standards and meeting customer and regulatory requirements. Safeguards customer's confidential information and maintains operational integrity and impartiality in testing activities. Documents and communicates Quality Policies and Procedures, test methods, and references for staff reference. Implements timely corrective and preventive actions. Identifies departures from the quality system and assists in formulating quality policies.

DEPUTY INTERNAL AUDITOR

2015 - 2023

F.A.S.T. LABORATORIES - CEBU

performs quick assessment of the laboratory's current quality management system and practices if aligned to ISO/IEC 17025:2017 and other regulatory requirements e.g. previous audit findings, processes and operations procedures, staff competence and training, equipment, environmental conditions etc

CHEMIST

2014 - 2019

F.A.S.T. LABORATORIES - CEBU

Conducts physico-chemical analysis on various samples such as water, wastewater, soil, rocks, plants, air, foods, feeds, metals, packaging, etc. Operates, maintains, and troubleshoots equipment including AAS, UV-Visible Spectrophotometer, Kjeldahl Digestor and Distilling unit, Ankom Fiber Analyzer, etc.
