

**SHALOM GRACE C. SUGANO**

Department Head  
VSU Integrated High School  
Visayas State University  
Visca, Baybay City, Leyte

Dear Maam Shalom,

I am writing to express my keen interest in the Home Science Teaching part time position at my Alma Mater Visayas State University Laboratory Highschool. With a strong background in Technology Livelihood Education, I am excited about the opportunity to contribute my unique skillset to the field of Home Science, promoting a holistic and modern approach to education.

I recently graduated and passed the licensure examination with a degree in Technology Livelihood Education major in Information Communication Technology, where I acquired a diverse range of skills that I believe can be seamlessly integrated into the realm of Home Science. My coursework and practical experiences have honed my abilities in areas such as instructional design, curriculum development, and technology integration. I am confident that these skills will enable me to create engaging and innovative lessons that align with the goals of Home Science education.

One of the key aspects of my education is my proficiency in utilizing technology as an educational tool. I firmly believe that technology can greatly enhance the teaching and learning experience in Home Science. For instance, I can leverage my expertise in multimedia design to create visually appealing learning materials that simplify complex concepts in nutrition, food preparation, and home management.

I am excited about the possibility of joining your esteemed institution and would welcome the opportunity to discuss how my skillset aligns with your vision for Home Science education. Enclosed is my resume for your review. Thank you for considering my application ma'am Shalom.

Sincerely,

  
**BRET JOHNSON G. BELLO**
