JETT C. QUEBEC

Department Head
Department of Liberal Arts and Behavioral Sciences
Visayas State University
Visca, Baybay City, Leyte

Dear Mr. Quebec:

I am interested in the position of College Instructor for Visayas State University Main Campus as publicized in VSU's official website <https://jobs.vsu.edu.ph>. Six months ago, I graduated from a well-known university with a degree of Bachelor of Secondary Education Major in Social Studies and manage to have my teaching internship in Leyte National High School which I considered to be a great achievement considering the vast and diverse population that the school has. I believe that my education and acquired competencies makes me a suitable candidate for the position.

What impresses me most about your institution is that you go beyond what is written in the book and does not confine the students with obsolete instructions. As stated in the university's official website, VSU's main undertaking is to produce highly competitive individuals equipped with scientific knowledge and the development of advanced technologies for sustainable community and environment. As someone who has the interest in teaching, I am confident that I can help VSU produce holistically developed graduates and achieve the institutions' mission and vision.

I have enclosed my Transcript of Records, Resume, and Diploma. Thank you for taking time to review my application and I look forward to speaking with you. My mobile phone numbers are +63928-381-1286 and +63905-673-1922 and my email address is jeancelsepara@gmail.com.

Thank you for your consideration.

Sincerely,

Jeancel Separa
