DR. JETT C. QUEBEC

Department Head
Department of Liberal Arts and Behavioral Sciences
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Quebec,

Greetings!

I am Margraf von Jean Eslopor, a fresh graduate of Bachelor of Science in Development Communication (BS DevCom), Magna Cum Laude, from Visayas State University (VSU) class of 2022. Through the vsu webpage, I have learned that the Department of Liberal Arts and Behavioral Sciences (DLABS) is currently in need of part-time instructors. In this regard, I am writing this letter to express my humble interest to apply for the said position.

As an alumnus of VSU, I would never forget how I enjoyed my subjects in DLABS. I believe that it is home to a talented and highly competent faculty who are capable of providing a globally competitive instruction.

My experience led me to the realization that I want to give back to the university, and I see teaching as one of the best ways to do this. I have always been inclined to teaching since I have constantly enjoyed the practice of imparting knowledge to people. It has never failed to give me gratification and it has sparked greater motivation in me to enter the world of academe.

Furthermore, as a development communication graduate, I have developed a strong sense of belongingness in the field of instruction. This has strongly influenced my decision to seek a job in your respected department.

My main goal is to gain relevant experience and find opportunities to apply the skills and knowledge I developed during my undergraduate years in VSU. I plan to offer all of my capabilities to provide quality instruction to all VSU students.

Despite my inexperience in teaching in an actual institution, I hope my background in development communication would become an asset for DLABS. Likewise, I believe that I will learn valuable knowledge from your department.

Thank you for considering my application.

Sincerely,
