
MARK JEROME NAIG DE LA PEÑA
Address: Brgy. 103-A, Tacloban City
Phone: 09168577481
Email: mjdelapena143@gmail.com
Recent job: Mathematics Instructor at Asian Development Foundation College

OBJECTIVE

To gain employment and practice my profession as a Mathematics Educator with great dedication at one of the region’s most excellent and outstanding educational institution known for producing globally, technologically, and professionally competent and highly productive human resource.

To utilize my strong passion for students’ development together with skills, experiences, and positive values in making a better difference and be a productive member of the society.

STRENGTHS AND QUALIFICATIONS

- Possesses a dedicated and committed desire for teaching Mathematics
- Has mastery of the subject matter in any given subject
- Skilled in the creation of a motivating learning environment for students to study
- Knowledgeable on the use of innovative and resourceful teaching methods to suit the special needs of the students
- Skillful on the use of varied assessment strategies to develop and discover the skills of students
- Adept in the use of new media such as the internet and mathematical softwares to promote interactive learning
- Admirable ability to maintain high standards of discipline and behavior in the classroom while maintaining an approachable demeanor
- Experienced in the use of appropriate ICT-based instructional materials
- Skillful in the use of online learning programs and how they reinforce students’ learning outside the classroom
- Eager to supervise extracurricular student activities and after-school events
- Adaptable and flexible in any heavy working loads
- Excellent interpersonal and communication skills
- Enthusiasm on participating in educational researches
- Blissful in collaborating with peers
- Dynamic, has passion, and hardworking in doing any academic activities with excellent values and ethics
- Continuously learn and develop to be more efficient and productive in my profession

WORK EXPERIENCES

Mathematics Instructor Asian Development Foundation College	June 2015- June 2021
Freelance Statistician	March 2020 - Present
Licensure Examination for Teachers Review Master Asian Development Foundation College	May 2016- September 2019
Undergraduate Research Panelist and Statistician Asian Development Foundation College	March 2016- March 2020

SPECIFIC TEACHING EXPERIENCES, DUTIES, AND RESPONSIBILITIES:

- Taught mathematics courses for Engineering; College Algebra, Advance Algebra, Analytic Geometry, Probability and Statistics, Solid Mensuration, Differential Calculus, Integral Calculus, Differential Equations, Mathematics in the Modern World
- Taught mathematics courses for Commerce and Accountancy; College Algebra, Quantitative Techniques for Business/ Management Science, Business Statistics , and Business Calculus
- Taught mathematics courses for Education; Basic Mathematics, Teaching Problem Solving, Teaching mathematics in primary and intermediate grades, Plane and Solid Geometry, College and Advance Algebra, Plane Trigonometry, Differential Calculus, Integral Calculus, Number Theory, Elementary Statistics, Linear Algebra, Mathematical Logic, Set Theory, Abstract Algebra, Vector Analysis, Teaching, instrumentation, and assessment strategies in Mathematics, Mathematics in the modern world
- Taught mathematics courses for Criminology; Plane Trigonometry
- Taught mathematics courses for Computer Studies; Quantitative Analysis, Abstract Algebra and Mathematical Logic, Discrete Mathematics, Differential Calculus, and Data Analysis
- Taught Professional Education courses for BEED, BSED, & Supplemental students; Principles of Teaching 1, Assessment of Learning 1 & 2, Educational Technology 1 & 2 and their respective Field Study Courses
- Taught Core and Specialized Subject for STEM and other strands of Senior High School such as General Mathematics, Probability and Statistics, Business Mathematics, Pre-calculus, and Basic Calculus
- Conducted Seminar-Workshop on Basic Research Journal for Education Students
- Active undergraduate and senior high school research panelist and statistician
- Facilitated a comprehensive lesson planning, interactive instructional materials making, active teaching demonstrations, test construction and item analysis
- Coordinator in sports of Computer Studies and Engineering Department
- Served as Chairman on Awards Committee for Senior High School Ranking, STEM Adviser, and Math Questers' League Adviser
- Founded and organized an annual students' activities on Mathematics Exhibit and Math Art Competitions
- Served as a LET Review Master on Assessment of Learning 1 & 2, Math Subjects for BEED graduates, and Major Subjects for BSED-Math graduates at ADFC LET Review Center

I hereby certify that the above information is true and correct to the best of my knowledge and belief.
