Dr. Jett C. Quebec

Department Head

Department of Liberal Arts and Behavioral Sciences

Dear Dr. Quebec

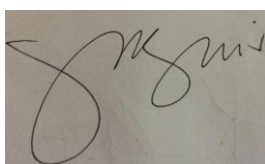

I am an AB English Language graduate and in my third year in my Masters in Science in Language Teaching in this university. Before the course of my academic career, I also managed to accrue nearly 4 years of work experience. I had the privileged to work for Teleperformance Phils., West Contact Services and Aegis PeopleSupport as a Customer Service Representative. I was also an Overseas Filipino Worker for almost 3 years where I learned valuable professional skills such as customer service and tutorials in English. In both of my academic and professional journey, I have been consistently praised as proactive by my professors, instructors and peers. Whether working on an academic, extracurricular or professional projects, I apply proven critical thinking, leadership and multitasking skills, which I hope to leverage again to teach again in this department for this coming second semester of the school year 2021-2022.

I am more than eager to share and use the knowledge that I have learned during the school year of 2019-2020 until the present teaching here in DLABS, the knowledge that I have learned in my Master's degree subjects, and at the same time to learn more to become a better instructor in the future.

I hope that after reviewing my resume, the department will look forward to consider me again as one of the asset in this institution.

Thank you and God Bless, DLABS!

Sincerely,
