Dr. Santiago T. Peña Jr.
Dean, College of Veterinary Medicine
Visayas State University
Baybay City, Leyte

Dear Dr. Peña

Greetings!

Given the opportunity to start my new career path in life, I am trying the best of luck of employment at the College of Veterinary Medicine for any available position.

Graduated at the College of Veterinary Medicine at Visayas State University Baybay City, Leyte on June 14, 2019 and passed the Board exam on the same year. After passing I had been employed at four different private clinic sectors, until now, which are all focused mainly on small animal medicine practice. For the past few years and up until now I have been improving my skills in the small animal practice. I am sending this application letter hoping to be given an opportunity to further enhance and share my knowledge to the future veterinarians, as well as to improve my professional skills in a different way, specifically, in the academe.

As someone new in the academe I am very much open and willing to submit myself in different trainings, seminars and things that can help me further improve my professional skills.

Should an interview be a necessity, please contact me at 09058396312 or email me at dagantajrrenato@gmail.com.

Thank you and keep safe!

Sincerely yours,

RENATO A. DAGANTA JR, DVM
Applicant
