

February 24, 2024

James A. Patindol
In-charge, Central Analytical Service Laboratory
Visayas State University
Visca, Baybay City, Leyte

Dear Sir:

I am writing to express my interest in the job opening of Science Research Specialist II. As a candidate with experience in ethanol manufacturing industry and Water and Wastewater Treatment, I am skilled in handling documentation and managing daily laboratory operations. My training and work experience have shaped me to work well in a team, and with people from different backgrounds in various fields.

I hold a Bachelor of Science in Agricultural Chemistry and am a Registered Chemist and a Registered Chemical Technician with knowledge on Solid Waste Management, Wastewater Treatment, DENR-EMB compliance, and compliance to the Board of Chemistry of the Professional Regulation Commission in operating a Chemical Laboratory. I believe my training, along with my experience and the lessons I have learned from positions I have previously held fit well with the requirements of the position I am applying for.

I thank you for your time and I hope that you will consider this application and look forward to getting the chance to work with the rest of the team.

Sincerely,

Ronald Jay J. Magaipo, RCh
Registered Chemist, *PRC License No. 0015490*
Registered Chemical Technician, *PRC License No. 0002861*
Member, Integrated Chemists of the Philippines
