Dr. Dr. Yepes,

Greetings!

I am writing to express my keen interest in the Assistant Professor I or any position commensurate my qualification at Visayas State University – Main Campus. With a strong academic background and a passion for teaching and research, I am eager to contribute to your esteemed institution's mission of academic excellence.

I hold a Master of Engineering in Mechanical Engineering from Cebu Institute of Technology – University and finished my Bachelor's degree in Mechanical Engineering at Mindanao State University – Marawi. Over the past 8 years in the Visayas State University, I have gained valuable experience in teaching, particularly in Thermodynamics, Refrigeration and Airconditioning. My teaching philosophy centers on fostering an interactive and inclusive learning environment that encourages critical thinking and innovation among students.

I am excited about the opportunity to bring more my expertise and enthusiasm especially to the department of Mechanical Engineering. I welcome the opportunity to discuss how my skills and experiences align with your department's goals. Please find my curriculum vitae and supporting documents attached for your review.

Thank you for your consideration. God bless and more power.

Sincerely,

Edgardo C. Ochavillo
