SANTIAGO T. PENA, DVM

College Dean

College of Veterinary Medicine

Visayas State University

Dear Sir,

Salutations!

Upon review of the job description for the **Part-time Instructor I** at College of Veterinary Medicine - Visayas State University, I was immediately interested in the opportunity to support an institution committed to providing students with resources and support to reach their learning objectives. This position relates well to my career and education in Veterinary Medicine, and thus I would appreciate your consideration of my application.

I am a licensed veterinarian working now for almost a year under one of the country's biggest animal hospitals and clinic. I am currently assigned to handle their Cebu branch as their Resident Senior Veterinarian.

Although, I may not yet have a background in academe but in my current work, I have dealt with client education on daily basis. With this, I have conveyed and discussed various diseases and infections in a manner that anyone who does not even have a background on medical topics can understand fully. Apart from that, my strengths as a veterinarian includes: strong diagnostics skills, soft tissue surgery, clinical experience and management, and strong practice of veterinarian-client-patient relationship.

I would enjoy meeting with you to further explore my contributions. My resume and references are attached with the application. Please feel free to contact me via email or phone to arrange a mutually convenient time.

Sincerely,

Mari Denise Amphy Layola
