MR. MARLON M. TAMBIS

Director

Philippine Root Crops & Research Training Center
Visayas State University
Visca, Baybay City, Leyte

Dear Sir,

Greetings with God's Peace!

I am writing to express my interest in the position of Assistant Professor I (Permanent) at the Philippine Root Crops & Research Training Center (PRCRTC) at Visayas State University. With my academic background, passion for research, and teaching experience, I am confident in my ability to contribute to the university's mission and goals.

I hold a Bachelor of Science in Agricultural Engineering from Visayas State University (Main Campus), a Master of Arts in Education - Mathematics from Leyte Normal University, and am currently pursuing a Doctor of Philosophy in Technology Management at Samar State University. I have ten years total of teaching experience at Visayas State University, Western Samar College (Calbiga) and Samar State University, where I have taught courses related to mathematics, education, agricultural engineering, and technology management. Throughout my career, I have been actively involved in various research projects, particularly in science and technology, and various extension activities in my recently employed university. My dedication to teaching and commitment to research and extension and supporting students in their academic journey motivate my desire to contribute to Visayas State University.

I am particularly drawn to the PRCRTC because of its commitment to advancing agricultural research and training, especially in root crops, and I am eager to contribute my expertise in this field. I would welcome the opportunity to discuss how I can further contribute to the growth and success of the department.

Thank you for considering my application. I look forward to the possibility of contributing to your team at Visayas State University. Please find my resume attached for your reference.

Sincerely,

BRIGITTE MAYMAY-MORAL

Instructor, College of Industrial Technology
Samar State University
