Ma'am:

Good Day!

I'm writing to express my interest in applying for a position at the Department of Agricultural Education and Extension (DAEEEx), specifically the post of instructor.

In my four (4) years of studying agricultural extension and two (2) years of agricultural education, I acquainted myself with different knowledge and skills in my chosen field. I was exposed to social scientific studies, community interaction, and academic background on teaching-learning strategies for both farmers and students. During my graduate studies, I worked as a graduate teaching assistant at the Department of Agricultural Education and Extension for four semesters and was able to obtain a very satisfactory rating. After acquiring my MS degree, I was able to work as a part-time instructor at the same department for one semester.

I would describe myself as someone who is goal-oriented, easy to work with, competent, an achiever, determined, and a dedicated person. I would like to put these characteristics to use within your department. Given my education at VSU, I believe I am fit for the vacant position offered. The components that were discussed during my studies closely match the skills required for this position.

I strongly believe that with my God-given knowledge, willingness, determination and dedication I can fully perform and fulfill my duties and responsibilities as an instructor. I would like to further explain my motivation for the position during a personal meeting. You can reach me either by phone via 0909-165-9733 or by email via danielcat20@gmail.com.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

DANIEL A. CATIBO
