Director, HRMO

Dear maam/sir:

Good day!

I am writing to express my interest in the Part-time Instructor position in the Department of Horticulture at Visayas State University. I am excited about the opportunity to contribute to a center of excellence known for its leadership in horticultural instruction, research, and extension. Although horticulture is not my primary field of study, I have a strong passion for plants and their cultivation, which aligns with the department's mission to advance the fruit, ornamental, vegetable, and plantation crop industries in the Visayas.

I graduated with a Bachelor of Secondary Education, majoring in Science, as an academic achiever and am a licensed professional teacher. Additionally, I was a scholar grantee of the Gokongwei Brothers Foundation TeachSTEM Program. I believe that my unique perspective, combined with my educational background, can enhance the learning experience. I am committed to providing high-quality education and fostering a deep appreciation for horticulture among students

I am willing to learn and adapt to the specific needs of the curriculum and the students. I am dedicated to creating an engaging and supportive classroom environment that encourages curiosity and exploration. My goal is to inspire students to develop their skills and knowledge in horticulture, preparing them for future success in this vital industry.

Thank you for considering my application. I would be grateful for the opportunity to discuss how I can contribute to the Department of Horticulture at VSU. I look forward to the possibility of working together to promote excellence in horticultural education.

sincerely,
