Dear Maam Colis,

I am writing this letter of Intent to express my strong interest in applying as a Administrative Aide VI – Clerk III , positioned in any Division or Unit that is available. Despite not having prior experience in this specific field, I am enthusiastic about the opportunity to contribute my skills, dedication, and eagerness to learn to the dynamic environment.

While I may have a little experience in the school as a office aide during my intern in EVSU, I will bring to the table a solid educational background, a strong work ethic, and a passion for public service. I will also give my all and surpass your expectations in focusing through my Self-management, Professionalism and Ethics, Teamwork Service Orientation, Oral Communication, Written Communication and also my Computer ICT skill. As a graduate of Office Administration, this has equipped me with valuable skills in communication, problem-solving, and attention to detail qualities that I believe are essential for a role within the Visayas State University.
