Thru: **PAULO G. BATIDOR**

Head, Department of Statistics
Visayas State University
Visca, Baybay City, Leyte

Dear Sir:

I am writing to express my interest in applying for the Part-time Instructor position as advertised in your esteemed department, Department of Statistics, Visayas State University (VSU) Main Campus. Recently, I completed the degree of Master of Science in Statistics at the University of the Philippines, Los Baños, and currently completing my clearance and other graduation requirements. In 2015, I received my Bachelor of Science in Statistics from VSU. I worked as a part-time instructor last first semester (AY 2022–2023) in the Department of Statistics. I also worked for three semesters at the Southern Leyte State University as a part-time instructor in 2015–2016 and taught math classes in the senior high school department. While studying for MS in Statistics at UPLB, I also worked as a part-time math tutor for two Tutor and Review Centers in Quezon City. I believe that the skills and experiences I have gained over the years qualify me for a position at your university to serve the school, students, and community.

Being a teacher entails not only being an educator but also being a learner. I had the opportunity to be trained by the most prestigious workforce of the university where I previously worked and studied. As a result, I improved my teaching techniques and instructional methods. Subsequently, I've also developed interpersonal, organizational, and time management skills that would add to my foundation working in academia. I have spent years learning about statistics and its application to the creation of maps, not only for illustration but also for the conversion of satellite map information into quantity in order to maximize data sources. This is the primary source of data for my Master's Thesis. With my unique experiences on both sides, I am confident that these will aid VSU, particularly the Department of Statistics, in its quest to establish a center of excellence in statistics in the Visayas.

I have attached my resume, and I'd be glad to have a chance to demonstrate my teaching abilities. For further information about my application, please don't hesitate to contact me through my mobile phone number, +63963-917-9128, and/or my email account, sweet.godinez@vsu.edu.ph.

Thank you for your consideration.

Very truly yours,

SWEET CHARISH GORIDING-GODINEZ
