**DR. ROBELYN T. PIAMONTE**

Director  
National Abaca Research Center  
Visayas State University  
Visca, Baybay City, Leyte

Dear Dr. Piamonte,

I would like to express my interest in applying such position- Science Assistant. I have viewed the posted job dated October 24, 2021 on Jobstreet.com.

My name is Samantha Catiloc, 22 years of age. I graduated in Mindanao State University-Iligan Institute of Technology dated June 13,2019. I've been a Lecturer in Mindanao State University-Naawan a month after I graduated. I have been a Filipino faculty for 5 semesters, face to face system and flexible blended learning strategy of teaching. Working under pressure is highly serious for me since I also work while studying (masters degree). I also encountered hosting such event like "buwan ng wika". Also, involving in such paper task or preparation to perform in such institutional activities makes me more active and joyful in doing such things specially that I am an extrovert person.. Using gadgets to fulfil the requirements in academe and all things involving. I coped such situation for I am a gadget and software literate person.

I believe this could be so much interesting to be interviewed via call or any other channel that can elaborated things involved such credentials. Feel free to call this number 09129860351 for more details. Thank you.

Sincerely yours,

  
SAMANTHA CATILOC
