To whom it may concern,

I am writing this letter to convey my interest of applying for Part-Time position on Teaching preferably in Filipino. I believe that my experiences made me a competitive candidate for this position. I obtained Bachelor degree of Secondary Education Major in Filipino at Visayas State University and became a Licensed Professional Teacher last 2018.

As you will note in enclosed documents I had meaningful experience in teaching. I became a Substitute Teacher at Canmarating National High School. I taught grades 7 and 8 students which I was able to give dynamic activities, well-constructed daily lesson plans, detailed evaluation and well complimented instructional delivery. Managing the different abilities of students proved difficult but gratifying challenge. The trainings and workshop I participated helped me to develop my skills. And at present I am a Substitute Teacher at Tahud National High School for almost a month.

If given a chance to be part of your school, I guarantee you that I will do my best and be a productive member. Attached herewith is my pertinent Documents and I appreciate your time receiving it and it will be my pleasure to hear your feedback regarding this matter.

If you need additional information, please feel free to call me at 09487280604/09267910699.

Thank you!
